FROM THE GROUND UP[®]
Owner Managed Business

Introducing the OMB blog

Blogging should be to lawyers what swimming is to ducks. After all, we intuitively want to share what we have learned and put it to use. On that note, we are pleased to announce and invite you to visit Stewart McKelvey's new Owner Managed Business blog, www.stewartmckelveyblogs.com/OMB.

We hope this blog will provide some food for thought, the odd laugh and a starting point for a dialogue. We hope it will be like the members of our group; practical, a little eclectic, widely diverse and a good starting point for any discussion which leads us to provide actual "legal advice" for your specific needs!

Subject to all the lectures we sat through on avoiding liability by making it clear that what is conveyed informally is not "legal advice" for which we are liable. This blog captures the sentiments, observations and insights of members of Stewart McKelvey's Owner Managed Business (OMB) Group. Enjoy!

Please subscribe through RSS feed for updates by signing up on the blog. Anyone interested in labour and employment and HR issues may also wish to subscribe to our Labour & Employment group's blog.

Client Update - June 20, 2014

One final reminder - Are you ready for Anti-Spam?

Any individual, business or organization that uses email, text messages or social networks to promote their products and services should take note of Canada's Anti-Spam Legislation and its accompanying regulations. Effective July 1, 2014, the new law will regulate electronic interaction and communication between businesses and their customers – existing or potential.

SPAM – Commercial Electronic Messages

The law creates a broad prohibition on sending, causing or permitting to be sent any type of commercial electronic message (CEM) without the express or implied consent of the recipient. CEMs must also identify the sender and their contact information as well as include an unsubscribe function. Any electronic message sent for the purpose of encouraging participation in a commercial activity, regardless of whether there is an expectation of profit, may be subject to the law's requirements.

The law's consent requirements create a regime where potential recipients must "opt-in" before receiving a CEM. A request for express consent must:

- State the purpose(s) for which consent is being sought.
- Provide the name of the person seeking consent, the name of any person on whose behalf consent is sought, the name by which either carries on business and a statement indicating which person is seeking consent and which person on whose behalf consent is sought.
- Include the mailing address and either the phone number or email/web address of the person seeking consent or the person on whose behalf consent is sought.
- State that consent can be withdrawn.

Local Music & Networking

The associates of Stewart McKelvey invite you to an evening of great conversations with live entertainment provided by talented musicians John Connolly and Liam Corcoran.

Date: Thursday, August 27, 2015
5 - 7 p.m.

Location: The Brickhouse Kitchen & Bar
125 Sydney St., Charlottetown, PE

Please RSVP by Thursday, August 20, 2015.
